

Greenway Giants Baseball & Softball Club
PO Box 7, Cherrybrook, NSW 2126

DEALING WITH ANTISOCIAL BEHAVIOUR

The following are procedures recommended by Eastwood Police and Hornsby Council to address these types of activities. Your first duty is to ensure that you and any Greenway members remain safe while attending training or games at Greenway Park. If you are involved in any activity that involves escalation to the Council Rangers or Eastwood Police please make your coordinator aware of the incident so we can follow up any activity with the appropriate authority.

1. Unauthorized users on the grounds at times allocated to your club;

Calmly request they move off the park, advising them of your arrangements with council, e.g. *"we have a scheduled training session/game at this park until xxxx which we organized with the council, would you mind moving to another area where we are unlikely to impact each other?"*

If they don't move off as requested or become rude move away and contact Council on 9847 6666 to have their Ranger attend to enforce the hire arrangement in place with the Council.

Should these persons become confrontational / threatening towards you or the Council Ranger contact Eastwood Police Station on 9858 5944 and report the matter - should the necessity arise to contact Eastwood Police Station again ask to speak to the Supervisor.

Try to obtain a description of the main person/s involved should they run off as Ranger/Police arrive to provide them to the Ranger/officer.

Should they happen to have a vehicle obtain a description (make, colour etc) and registration no. if possible to provide

2. Vandalism / Underage drinking etc;

Contact both Council (9847 6666) and Eastwood Police Station (9858 5944) and report the type of incident occurring.

Keep alert to what is happening but don't approach the group as this may cause a confrontation.

Try to obtain a description of the main person/s involved should they run off as Ranger/Police arrive to provide them.

Should they happen to have a vehicle obtain a description (make, colour etc) and registration no. if possible to provide
